SPECIAL DIETS AND ALLERGIES

The school recognises that some pupils may require special diets for medical or religious reasons that do not allow for the standards to be met exactly. In this case parents are urged to be responsible in ensuring that packed lunches are as healthy as possible. For these reasons pupils are also **not permitted to swap food items**.

If your child has a medical need that means they cannot meet the above standards then a **Medical Action Plan** should be completed and given to the office staff. Parents should bring to the attention of the class teacher and the Phase Leader any issues connected with their child's diet. Consultation can be arranged with the **school nurse** if required.
